

Contributes to Charity

Provided monetary or in-kind donations to one or more non-profits in the last year.

GCAC North America Inc. President Steve Peterson, organized a golf tournament and dinner to support local Knights of Columbus charities and the Miami Valley Alzheimer's Association in Dayton Ohio. Planning efforts for the first event started last year and concluded with the successful event on September 14, 2022. The event gathered 85 golfers and over 100 diners and raised a gross amount of \$15,000 USD, that will be distributed to charities, net of expenses.

Steve Peterson noted, *"the group of volunteers put in hundreds of hours to deliver a successful and fun day that will not only make a difference in the community today but for years to come. In the Miami Valley alone, there are 30,000 individuals with ALZ, that require 90,000 caregivers. We hope our efforts will help provide the support needed for all. Our company GCAC, is very supportive of taking a leading position in helping the communities we reside in."*

T. J. Geise, Walk Manager at Alzheimer's Association stated, "Thanks to Steve Peterson and the amazing folks with Knights of Columbus for organizing their charity golf event to benefit Alzheimer's Association Miami Valley. It was a beautiful day for golf at Yankee Trace Country Club, so thanks to all the golfers, sponsors, volunteers, and staff for making this a terrific event! Together, we can #EndALZ".
